RESPECT TO FLAG IS URGED BY D. A. R.; LAW OF HAWAII CITED

Desecration of American Emblem for Advertising or Otherwise Punishable By Law

Aloha Chapter, Daughters of the American Revolution, in furtherance of the D. A. R. campaign for respect to the American flag, asks that the following rules for flag etiquette be particularly remembered during Carnival time, when the colors are being so widely used for decorative purposes:

1. The flag should not be hoisted before sunrise, nor allowed to remain up after sunset. It should not be displayed upon stormy days, nor left out over night.

2. When the flag is displayed at half staff, for mourning, it is to be lowered to that position from the top of the staff. It is afterwards hoisted to the top before it is finally lowered.

3. When the flag is formally raised, all present during the ceremony should stand at attention, with hand raised to the forehead ready for the salute.

4. The correct salute to the flag, as required by the regulations of the United States Army, is: Standing at attention, raise the right hand to the forehead over the right eye, palm downward, fingers extended and close together, arm at an angle of 45 degrees. Move hand outward about a foot, with a quick motion, then drop to the side.

5. When the colors are passing on parade, or in review, the spectators should, if a man or boy, and if walking, halt; if sitting, rise, stand at attention, and uncover.

6. Whenever possible, the flag should be flown from a staff or mast, but should not be fastened to the side of a building, platform or scaffolding.

7. When flags are used in unveiling a statue or monument, they should not be allowed to fall to the ground, but should be carried aloft to wave out, forming a distinctive feature during the remainder of the ceremony.

8. When the flag is used out of doors, it should always be allowed to fly in the breeze. When clusters and draping of colors are desired, bunting or cloth should be used, but never the flag.

9. When our national flag and state or other flags fly together, or are used in decorating together, our national flag should be on the RIGHT.

10. For indoor decorations, the flag can only be used as a drape; it cannot be used to cover a bench or table, desk or box and where anything can be set or placed upon the flag.

For indoor decorations, the flag may be caught up in many artistic fashions, and used with bunting, garlands, plants and flowers, but should never be placed below a person sitting.

11. When used on a bier or casket at a funeral, the stars should be placed at the head. In no case should the flag be allowed to touch the ground.

12. The flag must not be marred by advertisements, nor desecrated on the stage.

13. It is an unwritten law in the

Navy that the flag is never to be washed; it is always to be considered immaculate.

14. When the "Star Spangled Banner" is played, all present should rise and stand at attention until the ending. The playing of it as a part of a medley should be prohibited, and it should not be played as an exit march.

15. The only federal legislation with regard to the flag, forbids the registration of any trademark which consists of or comprises the flag or coat of arms, or other insignia of the United States, or any simulation thereof, or of any states or municipalities, or of any foreign nation, etc.

16. The flag salute adopted by the N. S. D. A. R. and by our military schools, the Boy Scouts and other organizations, and which should be taught in all of our public schools, is: "I FLEDGE ALLEGIANCE TO MY FLAG, AND TO THE REPUBLIC FOR WHICH IT STANDS: ONE NATION, INDIVISIBLE, with Liberty and Justice to all."

17. Our children should be taught to carefully handle and guard their little flags from rough and disrespectful treatment, and not be permitted to carelessly toss them about in parades and processions, nor throw them away should a stick become broken or should the child tire of holding it.

18. OUR MOST IMPORTANT HOLIDAYS (when the flag should be displayed at full staff) ARE: Lincoln's Birthday, February 12; Washington's Birthday, February 22; Memorial Day, May 30; Flag Day, June 14; Independence Day, July 4; Star Spangled Banner Day, September 14, and your own State Day.

Both the Sons and Daughters of the American Revolution call attention to the law of Hawaii providing for fine and imprisonment for desecration of the flag.

STOP DANDRUFF! HAIR GETS THICK, WAVY, BEAUTIFUL

Girls! Draw a Cloth Through Your Hair and Double Its Beauty

Spend 25 Cents! Dandruff Vanishes and Hair Stops Coming Out

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25-cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, softness and an incomparable gloss and lustre, and try as you will you can not find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.—Adv.

KOKEE MERCURY DROPS TO 32 DURING JANUARY

William Hardy, territorial hydrographic official on Kauai, has forwarded to Chief George K. Larrison a report of the temperature on that island during the recent cold spell. In Kokee district, upper Waimea, the mercury dropped to 32 degrees during the latter part of January.

This is the district that Larrison picked some time ago for a big public camping site, the plan for which will probably go to the legislature. The hydrographer claimed at the time that the Kokee district sees freezing weather in the winter. Hardy's data proves it. He had drawn a red circle around the numerals to emphasize the fact.

WHEN MARRIAGE IS A FAILURE

Surely marriage is a failure when its essential purpose, the raising of a family of children, proves impossible. In the childless home the married pair, though sometimes more or less unconscious of the fact, grow disappointed and lonely. Lacking the best tie to hold them together they are likely to drift apart, hence many separations and divorces.

If every wife, whose physical state prevents motherhood, would but try that great remedy, Lydia E. Pinkham's Vegetable Compound, there would be far fewer childless homes.—Adv.

The application of the trustees of the College of the City of New York for a change of name of the station at 137th street on the Broadway subway to "City College—137th Street," was granted by the public service commission.

HONOLULU BONDS ARE EXPECTED TO BRING PREMIUM

City Treasurer Thinks Two Per Cent Above Par Will Be Freely Offered

That the city and county of Honolulu will have little difficulty in selling the \$480,000 water and sewer bonds is evident by the large number of inquiries which D. L. Conkling, city treasurer, has received from bond houses and banks in all parts of the mainland. From Boston straight across the continent to San Francisco firms in all of the large cities are taking an unusual interest and the competition in bidding for them will undoubtedly be keen. According to Conkling the bonds will probably sell at a premium of over two per cent, which can either be placed in the sinking fund or used on the improvements.

One of the reasons why the bonds will be in such demand is the fact that they will be absolutely nontaxable either by the county, territory or government. Another is that they pay five per cent, which is somewhat higher than most bonds of this kind pay. The reason that they are nontaxable is that the supreme court has decided that the territories are creatures of the federal government and their bonds are similar to government bonds.

For these reasons it is likely that local institutions will also go stronger for them than is ordinarily the case. Among the mainland firms which have made inquiries, some of whom have asked for private sales, are J. C. Mayer & Company of Cincinnati, Lawrence Turner & Company of New York, W. Harris & Company of New York, Esterbrook & Company of Boston, Henshall & Company of Indianapolis, and J. C. Rollins of San Francisco, and several national banks in these and other cities.

EAGLES TO HAVE LADIES' NIGHT WEDNESDAY AND DO HONOR TO RETIRING HEAD

Wednesday night will be ladies' night at Honolulu Aerie 140, F. O. E., and will also be the occasion of presentation of a jewel to the retiring president, Otto Smith. A short program will be given as follows:

West, Collings and Podroski
Fox Trot
Solo Collings
Aloha Oe
All members of Honolulu Aerie and visiting Eagles, wives and families are cordially invited to attend.

HALF OF WAGE EARNERS OF GREAT BRITAIN WILL HAVE TO SEEK NEW JOBS

LONDON, Eng.—It is estimated that between six and eight millions of persons now employed by the government, representing half the wage-earning population of the United Kingdom, will have to be discharged at the end of the war, according to the report of the committee on labor problems after the war. All these workers will not be discharged simultaneously, but it is probable that within two months after peace has been declared some two or three million workers will be turned off.

Regarding the army demobilization, the committee calculates that the rate of disbandment cannot exceed 5000 daily, at which rate six months would be occupied in demobilizing less than one million of the huge army.

Shortage of sugar in Denmark has forced the government to adopt a card system of purchase.
